SUMMARY

A motivated and detail-oriented Computer Engineering student with a strong passion for technology and continuous learning. Skilled in data handling, analytical thinking, and problem-solving, I have experience in software development, data analytics, and building practical systems using modern tools and programming languages. I am eager to apply my technical skills and adaptability to contribute to innovative projects while continuously developing my expertise in the field.

EXPERIENCE

PART- TIME   Nov 27, 2025 – Present

Assistant Statistician/ Data Entry

- Performed software-driven data entries, computation and rechecking of statistical data to ensure reliability and validity of data findings, utilizing Python and other statistical software such as Jasp, or Jamovi for fast and accurate results. Used Notion app for record keeping and tracking of documents.
- Developed Python-based applications for statistical tests, applying AI-assisted programming approaches.
- Created a batch-file printing application that automates document printing, reducing processing time by eliminating repetitive manual steps.

DICT – REGION V – DTC CATANDUANES   Febraury 8 – 28, 2024

On-The-Job Trainee

- Completed an 80-hour technical training program on productivity tools and web fundamentals.
- Gain hands-on experience with Microsoft Office, Adobe Photoshop, HTML, and CSS.
- Participated in windows server configuration and basic system administration, client-server networking activities.

EDUCATION

Bachelor of Science in Computer Engineering   2024 – Present

Catanduanes State University

CERTIFICATES

Digital Literacy | *IBM SkillsBuild*	Mar. 28, 2025
Python Essentials 1 | *Cisco NetAcad*	Feb. 2, 2025
Free Coding Bootcamp: Data Visualization Workshop | *Zuitt*	Nov. 8, 2025
Data Analytics Essentials 1 | *Cisco NetAcad*	Oct. 18, 2024
NC II- Computer Systems Servicing | *TESDA*	May 2024

SKILLS

Technical Skills
- **AI Tools:** Claude, ChatGPT, Gemini, Deepseek
- **Database:** SQL, MySQL, SQLite
- **Data Analysis:** Jasp, Jamovi
- **MS Office:** MS Word, PowerPoint, Excel
- **Programming:** Python, C, JS, Java
- **Web Dev:** HTML, CSS, Bootstrap, JS
- **VCS:** Git, Github

Soft-Skills
- Adaptive
- Analytical Thinking
- Communication Skills
- Fast-Learner
- Growth Mindset
- Passionate
- Problem-solver
